

I am from allover and nowhere  
I'm a native  
but not Indian I think  
a native to the galaxy  
and mostly I like to roam  
I'd see the whole world if i thought I could But i can only see a peak  
and through this world i wont sneak I'll profess my existence my  
triumphs and mistakes the beauty you can see and the horror that may be  
whatever way the wind blows, I soon may venture through city and forest  
and under water too I'm from allover and nowhere I can't stay too long  
once I've rested my head, I'll be on my way I'm from allover and  
nowhere and I'll feed my head till I'm dead I'll try my best, Enough  
said.  
cause I'll never quite know where I'll end maybe I'll stay for a few  
more days but i could go to the store and be gone forever I'll to treat  
everywhere like home I try not to make a mess as I rest my head.  
but I must be on my way  
I do sincerely hope you've enjoyed my stay and I don't know if I'll see  
you some day I'll be heading home with out delay allover and nowhere I  
hope you've enjoyed my stay allover and nowhere I'll soon be on my way,  
to find a new home for just a few days allover and nowhere doing my  
best to feed my head some day i may setup a home in a house but I've  
got a bit of time I hope to follow the wind to my next home town

For me I'd have to say:  
Its worth the heart acce  
because it way an amazing mistake  
incredibly intense  
I'm usually not one for roller coasters  
but i know its good when I think I'll puke if it wasn't real it was one  
hell of a movie We became fools damn near anything to be amused we  
almost felt used could there be more i doubt it it was all worth the  
heart ache who knows what numb really is comfortably numb I'm stupid  
enough to do it over and over again we wouldn't be the same.
